GOLDEN MILK TEA ORGANIC

1 oz-\$3.82 • 1/2 oz-\$2.41 • 1/4 oz-\$1.71

Experience pain relief with this HERBAL TEA's mix of healthy spices and experience better health with its anti-inflammatory properties

Organic turmeric and ginger are produced on our own farm in eastern Nepal by our local farmers. During the winter, these spices are planted underground and harvested after about 10 months. The raw herbs are then sun dried to reduce the moisture content to the desired level and then grinded to make fine powder. These powdered herbs (ginger and turmeric) are then mixed with hints of black pepper and cinnamon powder to enhance the flavors and health properties of our golden milk.

While golden milk tea recipes have become very popular in the past few years, turmeric has long been known as a superfood and has been used as a medicinal herb. With multiple requests from our valued customers, we worked with none other than our founder's parents to develop this simple, yet effective recipe. It's customary in Nepal to drink a warm cup of golden milk tea.

YERBA MATE ROASTED ORGANIC

1 oz-\$4.06 • 1/2 oz-\$2.53 • 1/4 oz-\$1.77

This bold herbal tea gives you the energy boost of black tea and the wellness perks of green tea - but it's something completely original. Yerba Mate has less caffeine than coffee, but more than other teas, so it's a natural pick-me-up. It also contains even more antioxidants than green tea. Yerba mate tastes like a tea and hits you like a coffee—and yet, it's technically neither.

While coffee drinkers often complain of caffeine jitters or a coffee crash afterward, mate drinkers don't. That's because yerba mate is released differently throughout the body. It's mixed with other compounds and nutrients, which your body absorbs slowly and in a soothing way. In other words, yerba mate gives you more energy than a cup of tea but doesn't have the negative side effects of coffee.

Serving: 1-1.5 tsp per 8-12 oz water

Caffeine: Medium
